

AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions and listings of claims in the application.

Listing of Claims

1-13. (Canceled).

14. (Currently amended) A mop cover for a mopping device, comprising a ~~large area~~ first backing textile (1) having longitudinal edges and transversal edges and having a mopping side (4), which is active in cleaning, and a top side (7), which is used to attach the mop cover to a mop holder (5) of a mopping device (6), wherein insertion pockets, holding strips or other attachment means (13) for the mop holder (5) are provided on the top side (7) of the first backing textile (1); and ~~optionally according to any one of the preceding claims, characterized in that~~ a second ~~flat mop cover with a~~ backing textile (1') with a mopping side (4') and a top side (7'), but without attachment means for a mop holder, is provided laterally next to the first ~~flat mop cover~~ backing textile at one of its longitudinal edges, wherein the ~~backing textiles (1, 1')~~ of both mop covers first and second backing textiles are separate parts, but fixedly connected to each other, or are formed as a unitary enlarged backing textile (1, 1').

15. (Currently amended) Mop cover according to claim 14, ~~characterized in that~~ wherein a further active layer (17) forming a third mopping side (4'') is positioned on the top side (7') of the second backing textile (1') ~~of the second mop cover~~.

16. (Currently amended) Mop cover according to claim 14 ~~or 15, characterized in that~~ wherein the two mopping sides (4, 4') of the first and second backing textiles (1, 1') are hydraulically separated by a liquid-impermeable or otherwise not liquid transporting, separating section (18).

2/3/06

17. (Currently amended) Mop cover according to claim 16, ~~characterized in that~~ wherein the separating section (18) is a separating strip between the first and second backing textiles (1, 1').
18. (Currently amended) Mop cover according to claim 16 ~~or 17, characterized in that,~~ wherein the separating section (18) is of the same material as the first and second backing textiles (1, 1') ~~of the neighboring mop covers~~ and is unitarily formed therewith.
19. (Currently amended) Mop cover according to claim 16 ~~or 17, characterized in that,~~ wherein the separating section (18) is a separate part, but connected to the ~~neighboring~~ first and second backing textiles (1, 1') ~~and, preferably, and~~ is from a different material than the material of the ~~neighboring~~ first and second backing textiles (1, 1').
20. (Currently amended) Mop cover according to claim 19, ~~characterized in that~~ wherein the separating section (18) is made from a net-like material ~~from preferably synthetic fibers.~~
21. (Currently amended) Mop cover according to claim 15 ~~and, optionally any one of claims 16 to 20, characterized in that a~~ wherein the separating section (18) is provided as a liquid-impermeable separating layer between the further active layer (17) and the second backing textile (1') ~~of the second mop cover.~~
22. (Currently amended) Mop cover according to ~~any one of claims 16 to 20, characterized in that~~ wherein the separating section (18) is made from or specifically constructed as a section of abrasive material.
23. (Canceled).
24. (New) Mop cover according to claim 14, wherein the first and second backing textiles are knitted fabric.
25. (New) Mop cover according to claim 24, wherein the edges of the knitted fabric are not hemmed.

2/3/06

26. (New) Mop cover according to claim 14, wherein the edges of the first and second backing textiles comprise trimming.
27. (New) Mop cover according to claim 26, wherein the trimming is a loop-forming material.
28. (New) Mop cover according to claim 14, wherein the first and second backing textiles are microfiber.
29. (New) Mop cover according to claim 14, wherein the first and second backing textiles are polyester.
30. (New) Mop cover according to claim 14, further comprising at least one gliding assistance strip located on the mopping side of either the first backing textile or the second backing textile.
31. (New) Mop cover according to claim 30, wherein the gliding assistance strip is polyester felt.
